

People Serving People

www.peopleservingpeople.org

A leader in the Twin Cities area social services field since 1982, People Serving People combines crisis response and homelessness prevention work. We are Minnesota's largest emergency shelter for families experiencing homelessness and other adversities.

Mission: We exist to see families thrive.

Vision: Healed families. Transformed communities.

Our emergency shelter in downtown Minneapolis features 99 emergency housing units and 10 two-bedroom supportive housing apartments. We offer a broad range of on-site programs and services designed to address common barriers faced by families experiencing homelessness. In addition to the onsite programs offered at our shelter, People Serving People's Center of Excellence creates opportunities for children to learn and grow in our community.
