Trial of Derek Chauvin

People Serving People has been preparing for the trial of Derek Chauvin for the murder of George Floyd. The trial will be starting soon. It will begin with jury selections on Monday, March 8. Opening statements are planned for March 29th and the trial is expected to last 2-4 weeks. Closing arguments and the verdict are expected by mid-to-late April. The trial will be held at the Hennepin County Government Center. As of now, there are no street closures or changes to transit schedules. You will notice more law enforcement in the downtown area, and areas that are blocked off around the government center. We do not expect any changes to People Serving People services at this time, but that could change in the future. People Serving People is focusing on safety and support for all Guests and Staff. We will continue to work closely with others in the community to be aware of any events happening in the area. We will let families know as soon as possible. This will be a difficult, and triggering time, so please continue to support each other, and check in with your Advocate if needed. Stay tuned for more information in the coming weeks!
